

ACCELERATION AND RELATIVE SPEED CALCULATIONS

CALCULATE ACCELERATION AND RELATIVE SPEED

Calculate the acceleration of the red car from 0 to 8 minutes.
What's the acceleration of car between the 3 minute and the 8 minute marker?

What is the relative speed of the ambulance compared to the red car at $t = 6 \text{ min}$?

What is the relative speed of the ambulance compared to the red car at $t = 8 \text{ min}$?
